A GENTLE INTRODUCTION

Sudoku

01 A Sudoku grid has nine rows and nine columns, divided into nine smaller 3 × 3 boxes.

02 Fill every empty square with a number from 1 to 9.

03 Each number must appear exactly once in every row, every column and every 3 × 3 box.

04 Use the existing numbers as clues. No guessing is needed; work patiently and let each clue narrow your choices.
